

MUTRIVIA

Group T2316

Lara Fenercioğlu - 21802536

Gökhan Taş - 21802136

Sebahattin Utku Sezer - 21802798

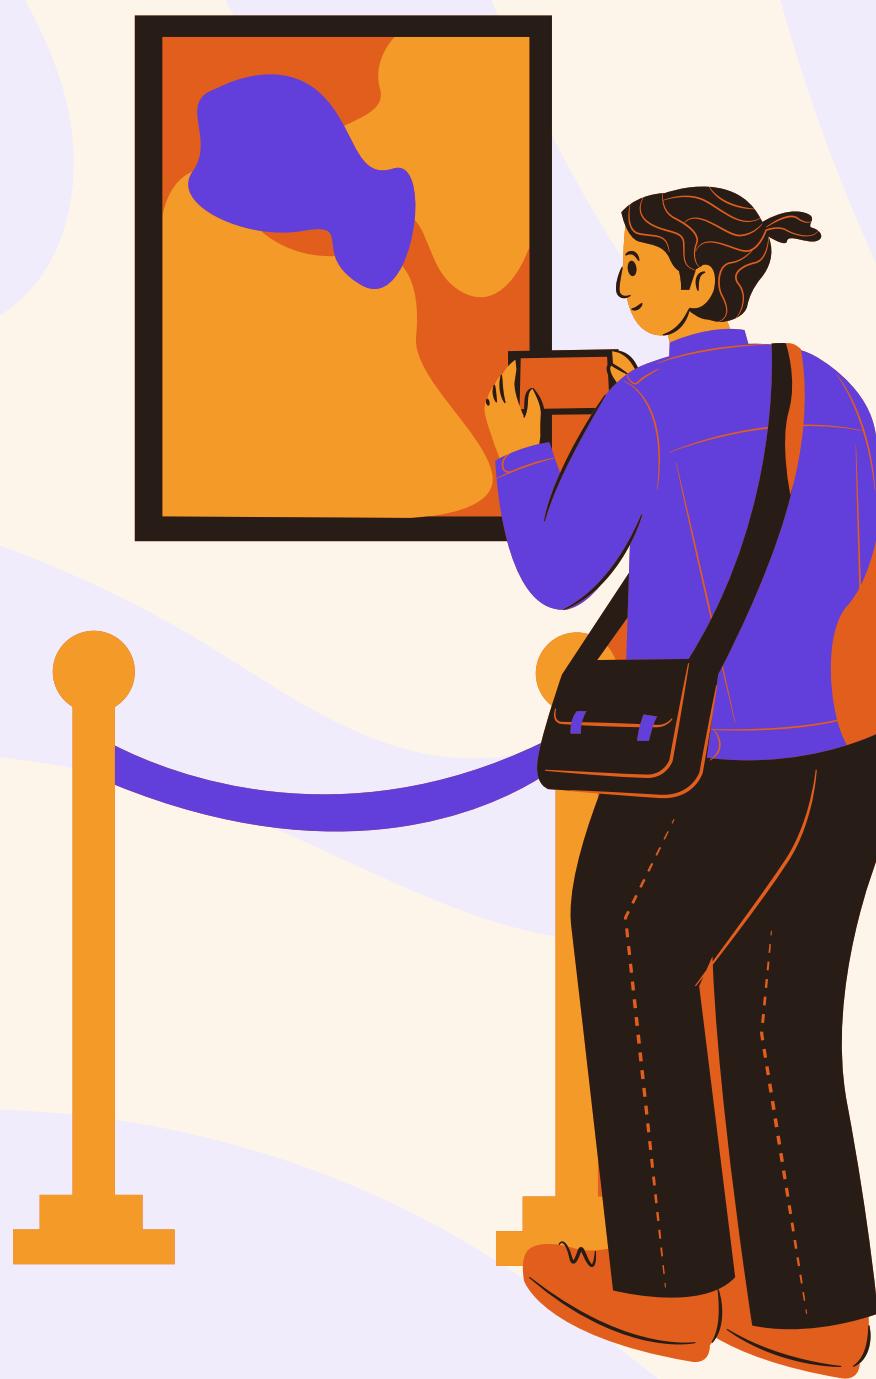

Bedirhan Sakinoğlu - 21802576

Zeynep Büşra Ziyagil - 21802646

We make museums enjoyable.

Problem

Lack of engagement

Boring museum experience

Preserve cultural heritage

Solution

Gamification

Natural Language Processing

Software Architecture

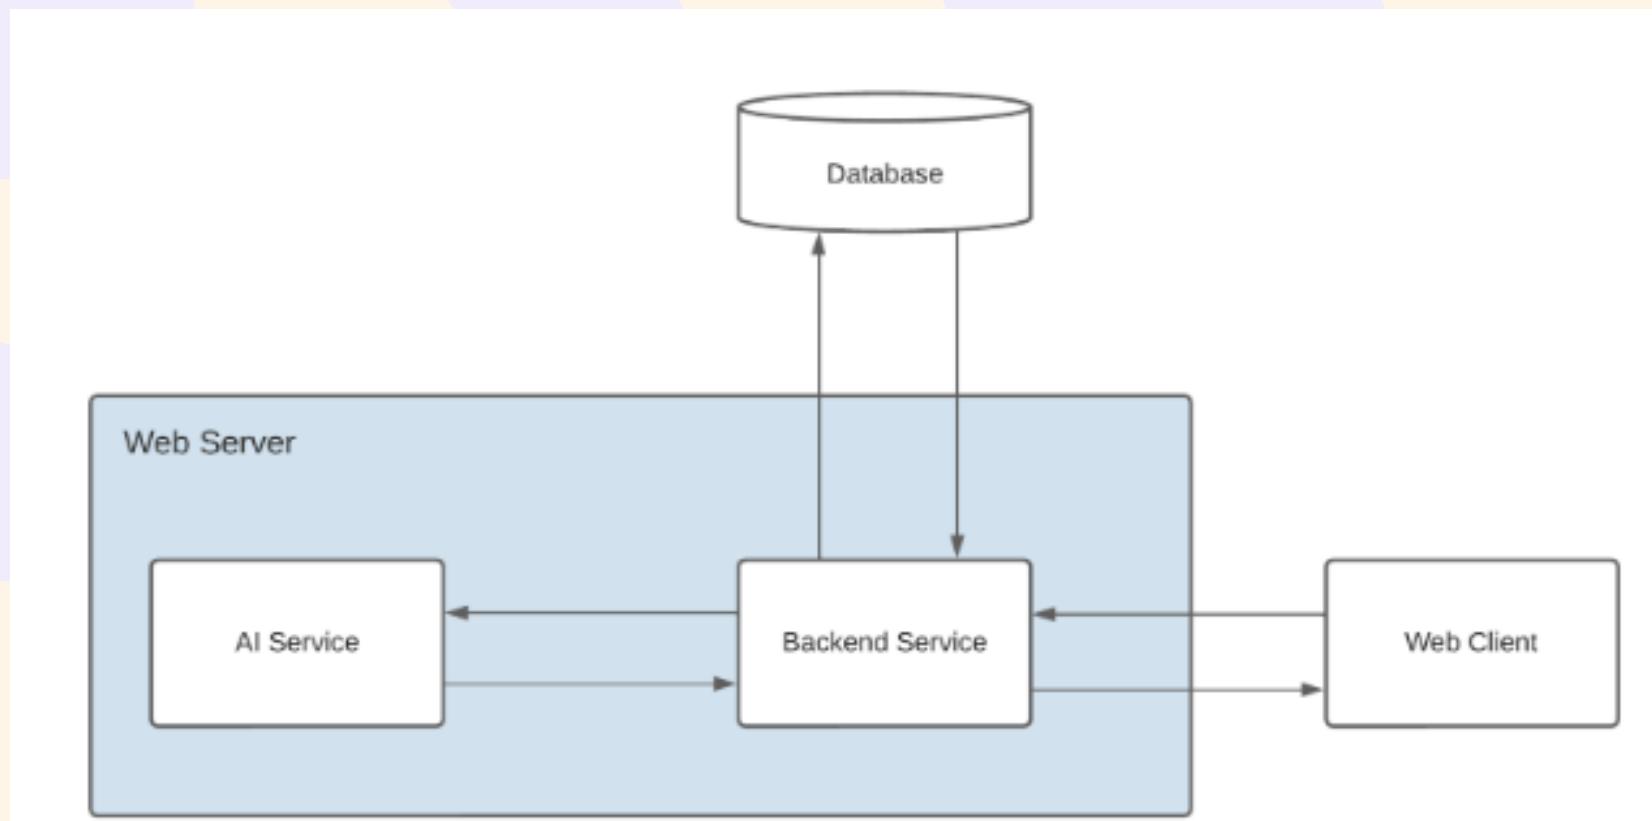

Figure 2: Architectural Overview of Mutrivia

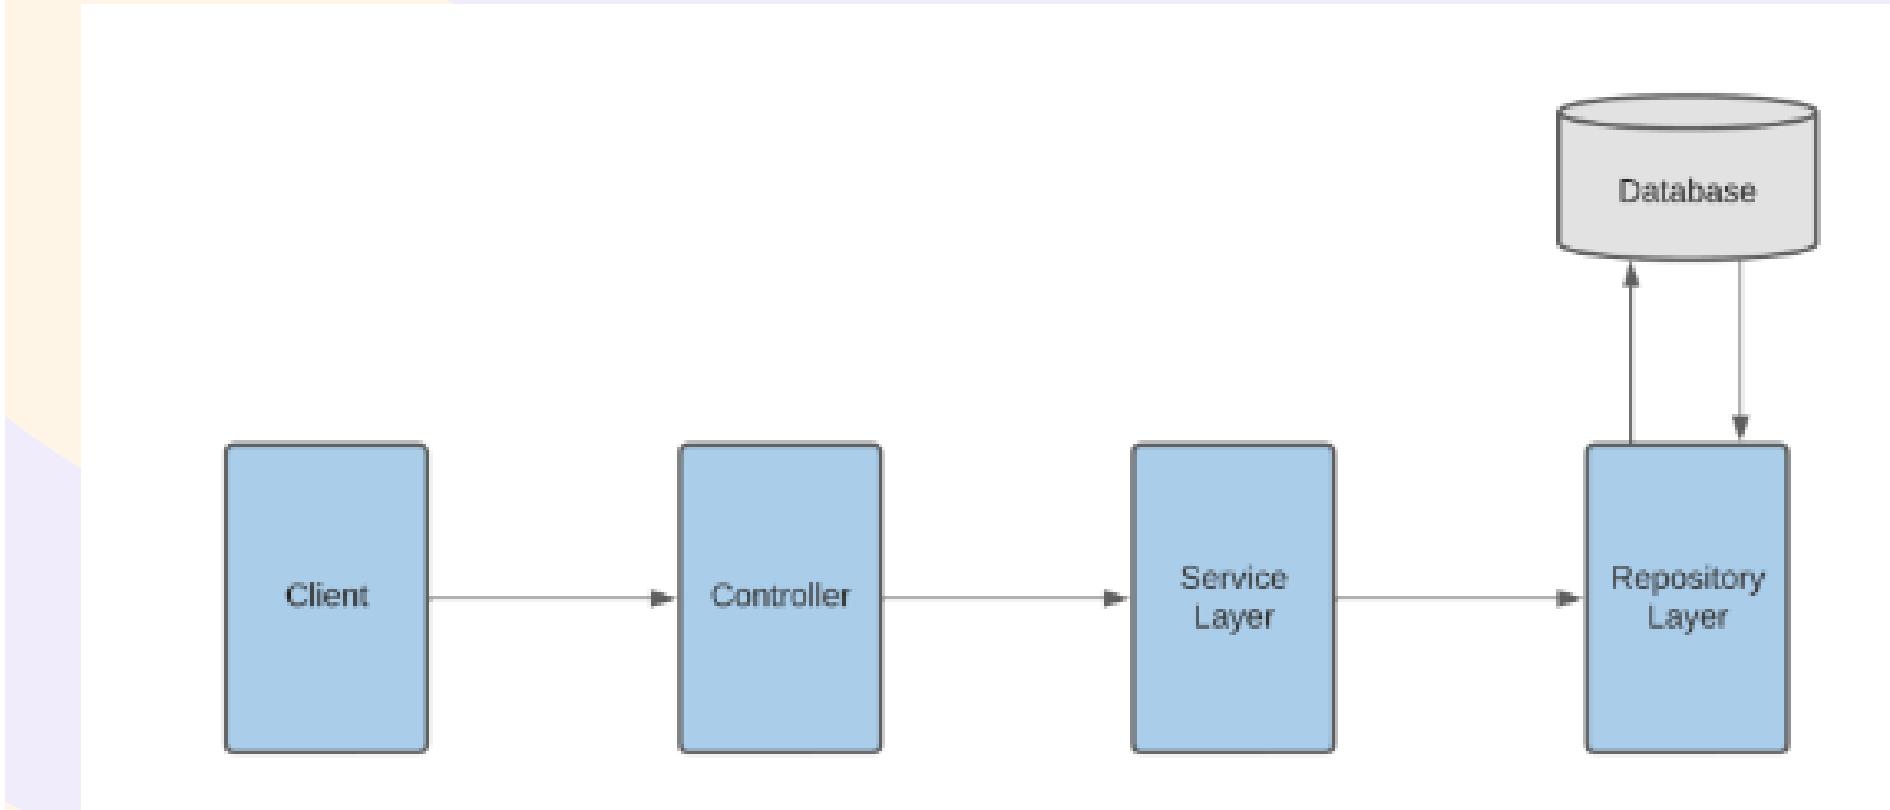

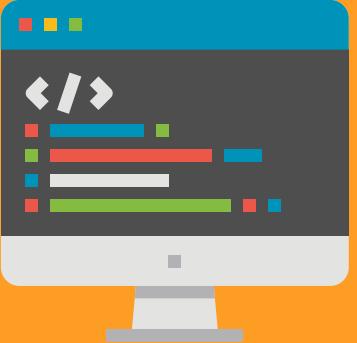

Figure 3: Backend Service Architecture

Implementation Details

- Front-end → Angular
- Back-end → Java Spring Boot
- NLP Service → Python
- Database → MySQL
- Version Control & Issue Tracking → Git & GitHub
- Architecture → Client-Server Architecture
- Other Tools → EC2 (AWS), RabbitMQ, WebSocket
